Welcome to Pennant Season 2024 to all players that made themselves available. Above are the opening round 1 sides that the selectors had a torrent time trying to accommodate all players into. In all sporting sides to be successful you must have back up players and reserves to be able to call on when needed and this will be sorely tested in this year's competition. As you all can see we have numerous unavailability's in the first round and throughout the year and the travel of some of the teams we are going to heavily rely on our reserves. I can also state to all our players that these sides and positions are not set in concrete, and everyone has and will be given their opportunities throughout the season. All players we not only be judged on their performance but their behaviour as well, we must remember that we are representing Camden Bowling Club and should do so accordingly. I also want all skippers to know how important and valuable your role is as a good skipper is not only a good bowler you rely on to get your side out of trouble but one that always encourages/mentors and tutors his players. Alright with saying all this I wish everyone a happy and hopefully a successful year and most importantly enjoy your self as we all know pennants is a competition game not a social game, but we must enjoy ourselves to be successful.

Good luck to everyone from all the selectors.

Footnote: To everyone that is selected or not in any of the teams if you have any questions, queries or concerns all the selectors are open to be approached for a response or reply but not on a game day, please give them the courtesy of being able to concentrate on their upcoming game it would be greatly appreciated.  
Cheers

Rick Staats (Chairman of Selectors)
