How Are You Going Setting Up The Bowlslink App On Your Phone?

As we progress towards the 2027 season Bowlslink will become a bigger part of how we run certain aspects of our club administration. This will include but not limited to; entering competitions for club, regional, state and national events, entry payments into those competitions, membership payments, results portal for all events and the list goes on. Things are getting easier to enter with a QR code now being added to entry flyers. All you have to do is scan the QR code and it will take you to the entry portal - as long as you have the app set up. So please make every attempt to get on board. The link below will give you a step by step set up info.

We understand to some it may seem a bit daunting, but please reach out and we'll get you set up.
