Accidents At The Club

After a recent accident at the club that, fortunately, didn't end too badly, the Board would like to remind all members to take care around the greens. While the Board takes every precaution to help avoid accidents, Members need to be mindful of their own safety.

For those that need assistance from bank to green, there are two steps available should you wish to use them. Please inform the Bowls Organiser of the day and they will put you on a ditch rink to assist in not having to move them each end. If you do use these please replace them back in the locker room after the game.

If you are aware of any possible hazards or unsafe area, please approach a Board member and let them know.

Below is the location of the steps in the locker room, how they should be placed and our agile model showing how they are to be used. Please do not put them on the green.
