BOWLS LAW: The third of team A has just been awarded his coaching qualifications and is keen to use his knowledge so he is giving a new player from Team B some advice on his game. The third of team B is not impressed and calls the umpire. What does the umpire do?

Answer: Under Law 44.5 he informs the Third of Team A that he can only coach his own players and then only when they are in possession of the rink. If he continues to coach the player from Team B the controlling body will be informed and action will be taken.
