**BOWLS LAW:** The lead of Team A rolls the jack and delivers his first bowl when it is noticed that the jack has been centred on the wrong line. The skipper of Team A is about to move the jack to the correct line when the skipper of team B objects saying it must be left where it is. Who is correct?

The Skipper of Team B. Once the first bowl is delivered the jack cannot be moved or its position challenged as being too short. Law 9.7
