BOWLS CLUB NOTICE BOARD

Major Singles Semi Final Draw –1.00 pm - Saturday 18th July

R Patane vs D Crouch & G Clark vs A Beadel

Mediation between our bowling club and the Camden Sports club took place recently with the future of both clubs being discussed. We were asked to explore some form of partnership between the two clubs. That is a question for the members and will be discussed at our AGM in August.

The situation between the two clubs remains unchanged.

Subs are now due. You must be a member to vote at the AGM on Sunday August 23rd. To have an effective club we need members to take an interest by taking on positions as selector or match which runs play. Nomination form on the board. These positions can be very rewarding.

The Bowling Club has applied for a \$15 000 grant to upgrade lights on the no 1 green. This process is nearing completion and we should soon know if we are successful. The Government has made available to all sporting clubs a Grassroots Sports Grant of \$1000 to cover costs incurred during Covid. We have applied for this as well.

Good bowling to all those involved in the Singles Semi-finals next Saturday. This year there has been upsets and surprises in this competition so get on down to the club to see some top bowling.

Have a good week and stay away from Covid.
