BOWLS LAW: In a game of three bowl pairs Team A is holding shot with a bowl on the boundary. As the skippers change over Team B calls the umpire for a boundary decision. Team A is not happy as they claim that does not have to be done until the finish of the end. Team B insists on calling the umpire who declares the bowl 'out'. The skipper of Team A then calls him "A blind old fool who should not have his badge". What does the umpire do?

Answer: He declares that the player has used offensive and abusive language towards an umpire. Under 2023-24 Bowls NSW General Conditions for all Events Clause 35 - Instantaneous penalties, he declares the end completed and awards six shots to team B. (the number of bowls in play by Team A) Moral of the story: be respectful of umpires in all situations.
