Bowls Rule: Play is in progress when the green is closed due to bad weather. The match is continued the following day and one player decides, because the speed of the green has slowed, to play with a different set of bowls. Is this permitted?

Answer Yes. If a game that has been stopped as described in law 32 is continued on another day, a player can use a different set of bowls to the set they used during the game that was stopped.
Law 29.3.
