BOWLS LAW: The skipper from Team A drops his polishing cloth on the green just behind the head and asks his third to "put a bowl on that cloth". The skipper from team B objects. Who is correct?

Answer: The skipper from Team B. Law 34 states that under no circumstances can an object be used to help a player. The cloth must be picked up before the third delivers his bowl. Strictly speaking if the skipper used his foot to mark the spot he should move before the player delivers his bowl.
