

CAMDEN MENS BOWLING CLUB LOCKDOWN NEWSLETTER

15/08/2021

Bowls NSW are conducting a survey into how members like to play their bowls i.e. how many ends in a championship game, format of those games and attitudes to mixed gender competition. If you have not already done so click on the Bowls NSW website and complete the survey. Have your say.

With no play the only other bowls news is that webmaster Michael Winter has posted some training drills on the club site. Go to www.camdenbowlingclub.com.au and look up Training and Drills for an idea of what we should be doing to get our game back once lockdown is lifted.

On that note I did have some halfway hopeful sentiments to impart about lockdown being eased but Saturday's news with 5km restrictions, state-wide lockdown and more police enforcement curtailed that. It seems we must endure on.

We urge all our members to stay positive, keep fit, stay in touch with each other, wear a mask and get vaccinated.

Gladys told us to be good
And stay at home alone
To watch the games on the telly
5 k only can we roam.
But I long to roll a bowl
To click onto the jack
To drive up through the head
And smash it with a whack!
I want to play some bowls
To get out upon the green
To stand there like a dickhead
And help it as it leans.
I'll take a tip from Bruce
And roll one upon the lawn
But I'll keep a wary eye
And watch out where it's gorn!

We do not want our members to become:
