BOWLS LAW: The lead of Team A delivers the jack but it goes onto the next rink hitting the foot of a player changing ends and rebounds fully onto his own rink. The skip sets the jack up on the centre line but the skip of team B objects. Who is correct?

Answer: Team B. The jack has gone out of bounds so team A lose possession. Law 10.1.5. The jack is then delivered by the lead of team B. Law 10.2
