BOWLS LAW: The third of Team A has his tape in his hand and is about to measure a bowl when it falls over. He is reaching to replace it when the third of Team B objects saying it fell of its own accord. What happens?

Answer: The bowl fell of its own accord and was not displaced by the act of measuring therefore it should be left as is.
Law 23.6.3 If the players cannot agree on the circumstances the umpire should be called.
