BOWLS LAW: There are four bowls from Team A and one from Team B circling the jack. Two Team A bowls are removed as shots when the Team B bowl falls and is now closer to the jack than any Team A bowl would have been. The third of Team B now wants to disallow the two shots taken out and claim shot. Can he do this?

Answer: No. Under law 23.6.3 all bowls agreed before a bowl falls, will count.
