BOWLS LAW: In a fours game the third of Team A is standing at the head with his skipper, not at the mat end as usual, while the other two players deliver their bowls. The skipper of Team B objects and calls the umpire. What does he say? Answer: The umpire informs the Team B skipper that as it is not covered in the Competition Conditions of Play, under Bowls NSW General Conditions for All Events 33. Restricting Movement of Players, the third may stay at the head end as long as he takes up position before the start of the end.
