## **GENERAL RULES**

AT CAMDEN BOWLING CLUB

Our Club and Greens are managed and are maintained to a high standard for your use and enjoyment. You can assist in keeping this high standard by:

- 1. Bowls shoes or thongs (roll ups only) to be worn on greens
- 2. Bowling the bowls ensuring no damage to the greens
- 3. No running or skipping on the greens
- 4. Stepping in or walking in the sand ditches is NOT permitted
- 5. No sitting on the banks or standing close to the plinths
- 6. Smoking is not permitted on the greens or surrounds
- 7. Drinking and eating is NOT permitted on the greens
- 8. Roll ups are only permitted outside of organised event times and not before 10 am and on the furthest available rink
- 9. Children are to be supervised by a Member at all times

**BOWLING GREENS ARE CLOSED ON MONDAY**

# CHRISTMAS EDITION CHRISTMAS EDITION

### EDITOR RAMBLINGS

Dear RAMs,

Well, the Camden Rams Club has had another successful year. Our finances remain strong, thanks to the world's best treasurer, and our membership numbers continue to grow.

We are half way through the competition year but have much to look forward to with the Pennants commencing, the Triples, Fours and other important events yet to come.

Thank you to our board for keeping us on track and committees for continuing to carry out their difficult tasks. Thanks to the volunteers and helpers and thanks to Todd for giving us the best greens in the zone.

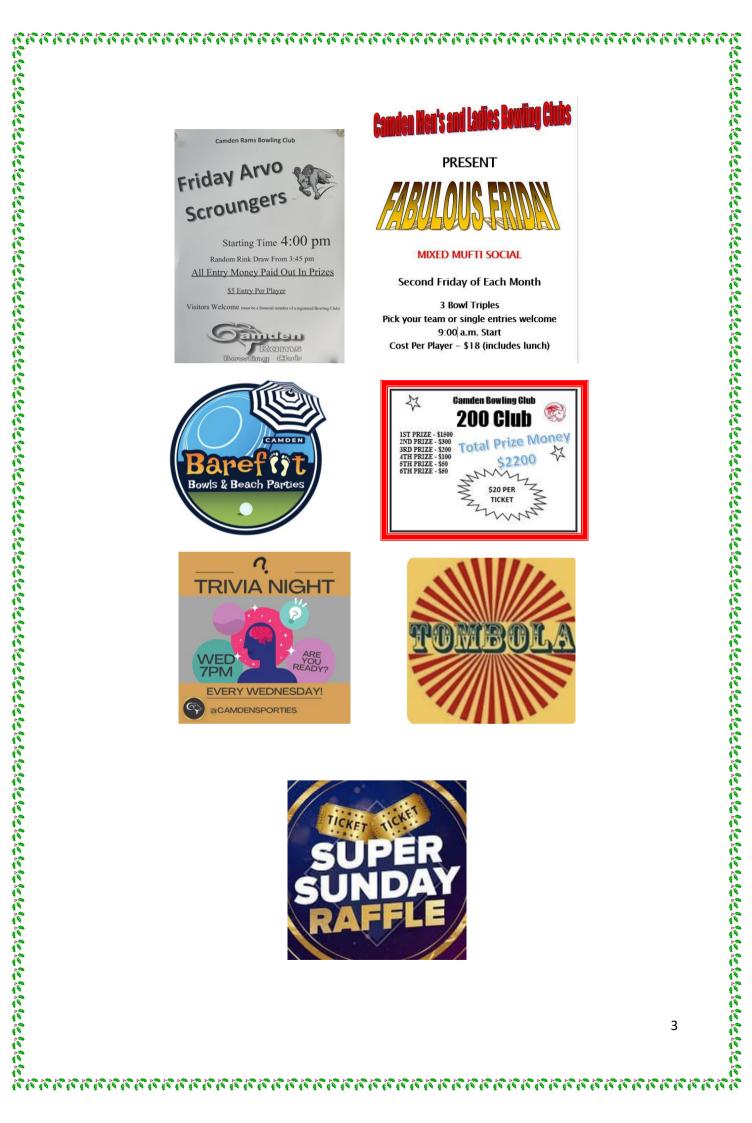

And a big thanks to all the members who entered our events and congratulations to all winners.

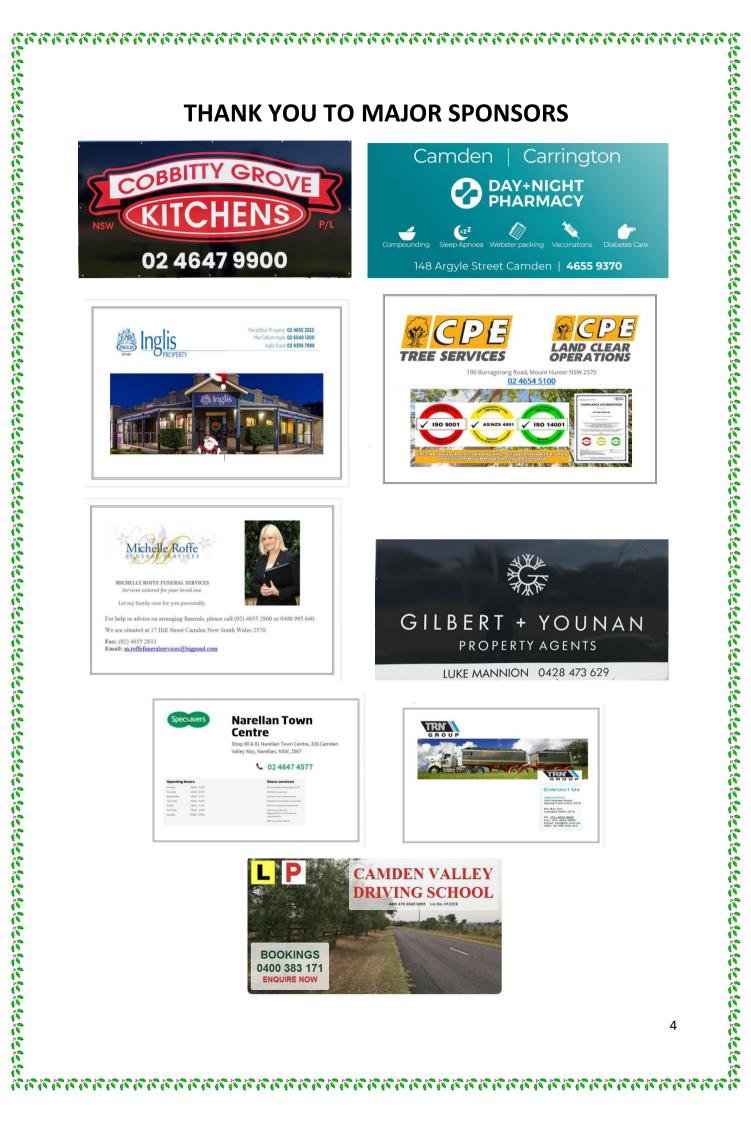

We look forward to great times in 2024.

Merry Christmas and a Happy New Year to all members and their families.

Thanks again to eveybody who helped with this job. The green is already looking amazing.

# Good to see a couple of RAMs out and about in a recent tournament. Well done guys.

Wiseman Park Bowling Club Wollongong hosted the Avondale Grange Over 50's Pairs bowls tournament.

Congratulations to all the winners. Champions - M Hobill & B Suckley 3 wins +40 2nd - G Gillespie & N Bartley 3 wins +34 3rd - B Dileva & Smith 3 wins +32 **4th - R Hodge & M Hooker 3wins +26** 5th - C Brooks & P Grub 3wins +23 1st Round winners - C Ward - M Luckwell 2nd Round winners - R Ryan & W Boyce 3rd Round winners - M Wallace & P Westcott

Born in Parkes the young Karl tried and played many sports, but touch football was his game. Whilst living in Toongabbie he played in the Seven Hills competition and won leading try scorer for three years in a row. Karl moved to Camden in 1975 and played in Campbelltown, Parramatta, and Picton competitions from1976 to 1991. He was selected at a representative level for Campbelltown and Parramatta with minimal success. Karl follows Wests Tigers, again with minimal success. He worked as an accounts clerk before qualifying as an accountant employed in private industry for ten years. He then took up a position with Camden Council where he remained for the rest of his working life. Karl turned to lawn bowls with his close friend Ross Newport in1992, both

Karl turned to lawn bowls with his close friend Ross Newport in1992, both joining the Camden club. He has played for 28 years at Camden and 3 years at St John's Park. He was originally coached by Col Dillon but also received help from the great Bob Pinkerton who gave him the opportunity to compete in the South Pacific Fours. They defeated some very strong opposition.

His time in lawn bowls has been very successful with many wins at club, district, and Zone level.

Karl has won the Club Singles three times, Club Pairs seven times, Club Triples three times, and Club Fours twice. Only recently he added a Zone 5 Reserve Fours to his credits.

Over the years Karl has played in NSW Open and Australian Open events and has won games in all disciplines. His most notable result was beating Ian Schuback in the Australian Open Senior Pairs with fellow club member Robert Patane. They lost in the Quarter Final to Rowan Brassey in contentious circumstances but were gracious in defeat. He considered it a fantastic feeling to be able to play against such champion players.

Before such a big event he relaxes and reflects on the upcoming game. Considers himself to be happy and grateful to be playing this event. He thinks about his delivery routine and especially his rhythm speed.

Karl believes in practise and working on your game. He throws the jack to various lengths followed by delivering bowls to the length thrown. He places bowls around the jack and plays shots to draw and remove bowls or trail the jack. Practising with fellow bowlers is also important.

Looking to return something to the sport Karl qualified as a coach to help aspiring members to learn the game at a social level. However, Eddie Klaassen, Steve Lyons, Alex, and June Matheson were some of his students who went on to higher achievements. He took a greater satisfaction in watching his students win at local, district and Zone events.

Asked about his most memorable victories, Karl singled out his two wins in the Bob Pinkerton Bowler of the Year awards in 2016 and 2018 and being able to represent the club in higher competition.

Camden honoured Karl with Life Membership in 2021 and he looks forward to continuing his relationship with the club for many years.

### Secrets To Singles Success Playing Lawn Bowls

### **4 Fundamentals to Improve Your Shot Selection**

What's more important? Being able to play all the shots, or being able to play the right shot at the right time? Lawn bowls shot selection is a critical component to your game and can be a hugely neglected skill in itself that is not fully understood, improved or focused on as part of a 'how to improve' approach.

What is shot selection? Putting it simply, it is **choosing the correct shot to play at that particular moment in the game to achieve the maximum outcome** for you or your team.

The correct shot to play can be highly debatable and many a bowl is replayed, discussed and criticised in the club house after a game. The important point to remember is the fact that we all fail with shots every single game, the only difference from a new bowler to an elite bowler is the number of times they fail throughout the game.

We can all interpret the game differently and have varying styles to our game but whether your style is defensive, attacking or somewhere in the middle we can all consider the following **4 fundamentals to shot selection** as a key part of improving your chances of delivering match winners more often.

### 1 – NUMBER OF ENDS PLAYED/REMAINING

The number of ends played or remaining is a key principle which needs to be factored into your shot selection. If only a few ends have been played then it is fair to say that playing a riskier shot for a high reward is something that can be considered.

### 2 – CURRENT SCORE (RINK AND/OR TEAM)

Comprehension of not only your own game score line but importantly other rink games also is imperative and consideration of the overall picture across multiple rinks. Also known as thinking about the 'big board' or 'overall score'. Weighing up your shot selection as to what could go right and what could go wrong will have an impact across the green depending on the outcome.

For example, the home team is 2 shots down across the 'big board' with 1 end remaining on each of the three rinks competing. Rink A is 1 shot down with the home skip playing the last bowl. They have 4 second shots and a chance to drive out the shot bowl for 4 shots, however if they are a bowl tight and they ditch the jack they have no back bowls and could possibly go 5 down depending on where the jack ends up. The other two rinks playing are holding one shot each. What do you do?

Firstly, before you consider your shot selection, make sure you confirm with the other skips the exact situation on their rinks and take some time to discuss each skips shot selection and potential for things to go right or wrong.

In this instance it may be wise to hold off on your shot and let the other games pan out, as your shot selection may be made easier knowing exactly what you have/haven't to score. In this instance ploughing ahead, being the hero and playing the 'match winning' shot could

### **FINAL END**

Anyone can play an ultimate bowl or unbelievable shot at the perfect time, however considering the four fundamentals and consistently selecting more high reward and low risk shots over the course of a game will tend to pay off on a more regular basis.

(Compliments of the Bowls Academy)

The P-47 "Thunderbolt" is built around a massive Turbo-Supercharger system.
